Devotees flout safety norms atop Ch. Hill

Mysuru, Oct. 11 (SSV)- The COVID-19 State Technical Advisory Committee (TAC) has restricted the crowd to 200 atop Chamundi Hill for inauguration of Dasara-2020 and 300 for *Jumboo Savari* procession in Palace premises but it does not seem to have any bearing on the devotees visiting the Hill temple on normal days as they were found moving freely without any safety measure.

COVID-19 guidelines were ignored at Chamundi Hill on Friday as hundreds of devotees were seen without face masks, wearing face masks incorrectly and not maintaining social distance. There was no sign of social distancing as visitors stood in groups around the Temple premises forgetting the fact that Mysuru has been reporting highest number of Corona positive cases and casualties in the State only after Bengaluru city.

The parking lot atop the Hill was filled with tourist vehicles. Hundreds of tourists were seen gathered in front of the main entrance of Temple with their face masks below their nose. The mandatory distance between two persons was not maintained as the people stood close to each other jostling for a place in the serpentine queue to have the *darshan* of Goddess Chamundeshwari.

"Even I was surprised to see hundreds of people in and around the temple on Friday. We were busy with three-member Technical Team that visited the Hill to oversee the arrangements for inauguration of Dasara festival on Oct. 17. Even the cops were with the Team. At that time, people had gathered in large numbers not only in front of the temple but also in surrounding areas. This happened between 12 noon and 1 pm. After the team members left, the Police disciplined visitors by making them to wear face masks properly and to maintain safe distance," Yathiraj Sampathkumaran, Executive Officer, Chamundi Temple, told *Star of Mysore*.

He also said they have taken all precautions at the temple and no one is allowed inside without a face mask. Sanitiser is also kept at the main entrance and every devotee is made to wash their hands with it. The Executive Officer added that while visitors wore mask they seldom practice social distancing and this is the major problem the Temple Authorities are facing.

He then requested the people to co-operate with the authorities by following COVID rules and said that he has requested his higher-up to take urgent steps to implement COVID rules as thousands of tourists are expected to visit Chamundi Hill during the ten-day Dasara festival.

It is learnt, the Hill temple witnessed a rush on Friday as the temple is closed for devotees on weekends in the wake of the pandemic.

Meanwhile, Muzrai Minister Kota Srinivas Poojary, who was in city on Saturday, said devotees are allowed inside the temples as per COVID-19 guidelines.

Clear pending traffic violation dues, renew your vehicle documents

Mysuru, Oct. 11 (RK&KS)- Planning to obtain Fitness Certificate, Emission Test Certificate or Insurance renewal for your vehicle? Then clear your pending traffic violation penalties first before obtaining the documents.

Assistant Commissioner of Police (Traffic) Sandesh Kumar told *Star of Mysore* that most of the vehicle owners do not respond to notices sent to them on traffic violation cases due to various reasons and don't pay penalty. So, Traffic Assistant Sub-Inspector (ASI) will be posted at both the RTOs in city and also at vehicle Insurance Companies and Emission Testing Centres, where they will check the vehicles for previous Field Traffic Violation Reports (FTVR). If the vehicle is found having previous traffic cases, the owners are asked to clear the cases by paying pending penalties, failing which, they (owners) will not be issued the required Certificates nor can they renew their vehicle insurance.

The ACP further said, an operation to collect pending fines began on Oct. 3 and till Oct. 10, the ASIs have cleared a total of 941 cases by collecting pending fines of Rs. 1.89 lakh from violators.

Used vehicle sellers, buyers alerted

ACP Sandesh Kumar said that instructions have been given to used vehicle sellers to check for previous traffic violation cases before purchasing and selling used vehicles.

Kalyan Jewellers announces festive discounts and give aways

Thrissur, Oct. 11- Kalyan Jewellers has announced festive offers through the 300 kg Gold Giveaway campaign. These offer come at a time when festivals like Navarathri, Karva Chauth, Dhanteras and Deepavali are round the corner.

Customers shopping at Kalyan Jewellers will receive instantly redeemable free gift vouchers against their purchases — the total of which will amount to the aforementioned 300 kg.

The vouchers can be redeemed against special discounts on jewellery, with 15%-50% off on VA for gold jewellery and up to 25% off on diamond jewellery. Offer is valid till Nov. 30.

The brand also has announced Dhanteras Pre-Book offer that will ensure Gold Rate Protection. By paying 20% advance on the intended purchase value, customers can pre-book their jewellery at current rates, and be assured of gold rate protection against price fluctuations. The advance-booking offer will end on Oct. 20.

Customers can also choose to browse through the exquisite range of jewellery available at Kalyan Jewellers from the comfort of their homes by using the LIVE Video Shopping feature.

Kalyan Jewellers offers a wide array of intricate jewellery designs in contemporary and traditional motifs. The company offers its patrons, Muhurat, the bridal jewellery line curated from across India along with exclusive sections featuring Kalyan's popular house brands like Tejasvi - Polki jewellery, Mudhra - antique jewellery, Nimah - gold-studded with semi-precious stones, Rang - precious stone-studded jewellery, Anokhi - uncut diamonds-studded, Glo and Ziah - diamonds jewellery, Apoorva - diamonds jewellery in an illusion setting, Antara - lightweight prong setting diamonds jewellery and Hera - daily wear diamonds.

EDITOR'S BOTTOMLINE

We've been waiting for this for months, and it's finally happening. Yet we cannot afford any complacency about it at all. While the pandemic's trajectory will continue to be different in different States, data suggests that the first COVID wave is now receding for India at large. On Wednesday active cases dropped nationally for the sixth consecutive day, with the seven-day average of daily cases dropping every single day since September 16. Is this good augury for the festive season? Yes, but only if we adopt COVID-adjusted celebrations. Kerala is a case study in the perils of complacency. After gathering national and international accolades in the earlier months of the pandemic, it recorded its highest peak in daily cases on Wednesday (along with Karnataka and Bengal). The State has a high population density, but the key reason it emerged as the State with the highest number of active cases per million population is that it let its guard down during Onam. Maharashtra had a lower key Ganesh Chaturthi and still paid the price. It's foolish and dangerous to refuse to learn these lessons.

There are those who say, what's the point of a life without its festivities? But when these festivities themselves endanger life, surely it's a no-brainer to enjoy them with necessary safeguards instead of letting them mutate into COVID superspreaders. Over in Bengal for example, doctors are pleading that laxity in maintaining health protocols during Durga Puja will cause a tsunami of infections. There's a fundamental change everyone has to accept, that "mask wali Chhath, mask wali Eid, mask wala Dussehra aur mask wali Diwali" are the new normals. — *In The Times of India*

Half Christmas trees for people who do not want to decorate the back

New York: For those who do not want or bored to decorate the back of Christmas tree, a half Christmas tree is available for them. It might be lazy, but stringing the lights all the way around and hanging baubles in places where no one can even see them just doesn't seem worth the hassle.

The reduced sizes trees will not only save you effort - but money and space as well. They are a little on the small side and look great when pushed up against a wall.

Huge Python sets new record in Florida

Florida: Two snake hunters have captured the longest Burmese Python ever caught in Florida. Captured in the Everglades over the weekend, the female python measured 18.9 feet. The previous record for the longest python captured in the state was 18.8 feet, reports said.

Florida Fish and Wildlife Conservation Commission confirmed that the snake set a new record Thursday. "Members of our Python Action Team and the South Florida Water Management District Python Elimination Program captured an 18 foot, 9 inch Burmese python. That's a new record!," they wrote. Burmese pythons are considered an invasive species in Florida, where they have established a breeding population. State-contracted python hunters help keep their population in check. The South Florida Water Management District's python elimination program has removed thousands of pythons till date.

HEALTH CAPSULE by Bron Smith

What causes food to move through my intestines?

The movement of digesting food through the alimentary canal is called peristalsis. The body's nervous system governs the nerve impulses that trigger rhythmic contractions of the bowel at the rate of 3 to 12 times per minute. Amazingly, these constant pulsations occur without our feeling them.

** Health Capsules is not intended to be of a diagnostic nature.*

VOICE OF THE READER

Festive Dasara: Will wiser counsel prevail?

Sir,

In his article ***Do we need such a festive Dasara?*** *(Star of Mysore* dated Oct.9), Dr. Javeed Nayeem has raised an important question. When COVID-19 is raging albeit with certain curtailment of the crowd, the danger of control of the crowd is still a real problem. Instead, it is suggested that could not Dasara function be restricted to essential rituals at Sri Chamundeshwari Temple atop Chamundi Hill and private ceremony at the Palace.

There is logic in his suggestion for we have seen the people are becoming restless due to uncertainty and long period of incarceration. In this situation, Dasara festival with illumination and other attractions will act like a red rag to the bull.

In this situation, the crowd can go easily berserk and lead to avoidable tragedy despite precautions. The statistics for Karnataka districts show that Mysuru is next to Bengaluru in deaths due to COVID-19. Therefore, the main focus should be containing COVID-19 and saving lives.

In fact savings in expenditure by keeping the festival to bare minimum can be given as one time grant to MCC which is facing financial crunch and is not in a position to pay huge pending bills of Rs. 135 crore to the contractors as reported in media.

Now, property owners have to pay Park, Crematorium Tax to MCC

Mysuru, Oct. 11 (SBD&DM)- Even as the citizens of Mysuru got a temporary reprieve from water tax hike at Friday's MCC Council meeting, which decided against the hike for now, the citizens have been taxed otherwise, as the Council resolved to collect park and crematorium maintenance tax from property owners, in a first such move.

During the course of the continued MCC Council meeting held on Friday at the MCC Hall, several Coporators were against a hike in water tax as several issues regarding water supply are yet to be addressed by the MCC. Taking note of the opinion of the Corporators, Mayor Tasneem announced deferment of water tax hike.

The Council dwelled on the issue of expenses incurred on maintenance of parks and crematoriums in the city.

Pointing out that the city has a total of 520 parks with a collective area of more than 450 acres, the Corporators said that 900 workers are needed for maintenance and up keep of these parks. The

MCC is paying Rs. 3.60 crore annually to private contractors for maintenance of 142 parks and more money is need for upkeep of other parks. Also, it is the MCC's responsibility to maintain the 44 crematorium (around 209 acres area) that comes under its limits with basic facility.

As such, the MCC should think of adding park maintenance tax and Crematorium maintenance tax, with property tax. The Council after deliberating on the issue, decided to impose Rs.150 as crematorium maintenance tax and Rs. 250/ Rs. 500 as park maintenance tax on property owners, depending upon the area of landed property they own.

Noting that there are 362 unauthorised mobile towers in MCC limits, the Council approved the proposal for collecting penalty and also to stipulate floor space rent and annual tax for all the towers.

In other important decisions, Mayor Tasneem announced that the circle near Lalitha Mahal junction on Mysuru-T. Narasipur road will be named after the area's late Corporator R. Ananthu, even as Opposition BJP members, led by Opposition leader M.U. Subbaiah, B.V. Manjunath, M.C. Ramesh and Shivakumar, insisted that the circle be named after late Dr. Bellipadi Satish Rai, a well-known doctor of the area and an Yakshagana patron. Even MP Pratap Simha, in an earlier meeting, had appealed the MCC to name the circle after Dr. Satish Rai.

The Council further approved naming of the Rangamantapa at Subbarao Park in Niveditanagar after city Scientist and former University of Mysore and KSOU Vice-Chancellor Prof. K.S. Rangappa. Former Corporator Jagadish had appealed for naming the Rangamantapa after Prof. Rangappa.

The Council also discussed the issue of Kesare Waste Disposal Plant, during which several Corporators opposed sanction of Rs. 2.4 crore for construction of compound wall, vehicle parking facility and service station at the site, when the project itself is yet to take off. Taking note of the observations of the members, Mayor Tasneem said that the matter will be taken up with the concerned authorities.

Lokayukta officials to undertake district tour from Oct.13

Mysuru, Oct. 11- Police officers attached to Karnataka Lokayukta, will undertake a week-long tour of the district from Oct.13 for receiving complaints and grievances against Government and other public servants regarding deficiency, demand for money and delay in public service.

The first meeting will take place at the Lokayukta office on Dewan's road in the city at 11 am on Oct.13. Subsequently, the meeting will take place at T. Narasipur taluk office premises on Oct.14, at PWD Guest House in H.D. Kote on Oct.15, at PWD Guest House in Periyapatna on Oct.16, at PWD Guest House in Hunsur on Oct.17, at Nanjangud Taluk Office premises on Oct.19 and at PWD Guest House in K.R. Nagar on Oct.20.

The meetings will be held from 11 am to 1 pm on the designated dates, during which the members of the public can come up with complaints regarding deficiency or undue delay in service or demand for money from Government servants. The members of the public must use this opportunity to get their grievances or complaints addressed, according to a press release issued by the Lokayukta SP, Mysuru Division.

Calling owners of seized vehicles

Mysuru, Oct. 11 (KS)- V.V. Puram Traffic Police have asked the owners of seized vehicles to get the vehicles released by producing relevant documents soon failing which the vehicles would be auctioned and the amount got from the auction would be deposited to the State's Treasury, according to a press release from V.V. Puram Traffic Inspector Aruna Kumari.

To play and walk...

MCC Ward No. 6 Corporator SBM Manju supervising the cleaning works for the construction of a playground at Gokulam here. He said that there was a need for a playground for the children to play and for the residents to go for their morning and evening walks and hence, the land measuring approximately one acre was being cleaned at Gokulam. He also said that another piece of land was being cleaned for playground at Brindavan Layout too.

If voted to power, Congress will dump anti-farmer Bills: Siddharamaiah

Mandya, Oct. 11- Asserting that the Congress would return to power both in the State and the country in the next elections, Opposition Leader in the State Assembly Siddharamaiah said that the Congress upon coming to power will annul all anti-farmer Bills, which have been introduced by the BJP Government.

He was addressing the gathering at 'Raitha Dhwani,' a State-level Convention of farmers organised by KPCC at Dr. B.R. Ambedkar Bhavan here yesterday.

Siddharamaiah

D.K. Shivakumar

Asssuring the farmers that the Congress will implement in totto the Karnataka Land Reforms Act introduced by D. Devaraj Urs over four decades ago, Siddharamaiah, who is also a former Chief Minister, said that the Congress will make the APMCs more friendly if voted to power.

Recalling his agricultural background, Siddharamaiah said that he functioned as the General Secretary of Mysuru District Raitha Sangha from 1980 to 83 and as such he very well knew of the plight of the farming community.

Accusing the BJP Government of launching an assault on farmers by introducing Farm Bills that are very much anti-farmer in nature, he alleged that the BJP Government is out to close down APMCs at a time when several others had emulated his (Siddharamaiah) action of introducing online trading in APMCs when he was the Chief Minister.

KPCC President D.K. Shivakumar, in his address, said that the farming community across the globe does not have any barriers in respect of religion, caste or colour.

Maintaining that it is the farmers who have kept the country's culture alive, he said that the Convention is not limited to Congress party and is dedicated to the entire farming community. Lashing out at CM Yediyurappa, who took oath in the name of farmers, of failing to protect the interests of the farmers, Shivakumar wondered why the farming community should support the BJP Government which has not done anything for the benefit of farmers.

AICC General Secretary incharge of Karnataka Randeep Singh Surjewala, who also addressed the gathering, accused the BJP Government of launching an assault on farmers with the introduction of Farm Bills.

Warning that the Narendra Modi-led Government's new Farm Bills would lead to the eventual collapse of APMCs, he contended that the new Farm Bills will deny farmers the Minimum Support Price (MSP) and bring them under the control of a handful of capitalists.

Former Union Minister K.H. Muniyappa, former MP R. Dhruvanarayan, Opposition Leader in the Legislative Council S.R. Patil, former Ministers Eshwar Khandre, Krishna Byregowda, Cheluvarayaswamy and P.M. Narendraswamy, former MLA Ramesh Babu Bandisiddegowda, KPCC Kisan Cell President Sachin Meega, Farm expert Prakash Kammaradi, farmer leader Chamarasa Malipatil, Dr. Vasu and others were present.

Govt. announces reservation for Prez, VP posts in ULBs

Bengaluru, Oct. 11 (KMS&DM)- After over two years delay, the Government on Thursday announced the reservation matrix for Presidential posts (President and Vice-President) of 59 City Municipal Corporations (CMCs), 90 Town Municipal Corporations (TMCs) and three Town Panchayats (TPs) across the State.

The election to Urban Local Bodies (ULBs) in the State was held in August 2018 when the JD(S)-Congress Coalition Government was in power. But as the reservation matrix for Presidential posts was not announced, the ULBs did not have an elected Administrative Council. As a result, the elected members of ULBs could not wield their power in the absence of an elected Council in place.

Although the Government had announced the reservation matrix a few months after the elections, some elected members moved the Court and succeeded in getting a stay. With all hurdles cleared, the Government has announced the reservation matrix, which are as follows:

HunsurCMC: President- Woman (General); Vice-President - ST.

Nanjangud CMC: President - General Category; Vice-President - Woman (General).

Madikeri CMC: President - Woman (General); Vice-President - BC-A Woman.

Mandya CMC: President - General Category; Vice-President - BC-A Category.

Chamarajanagar CMC: President - Woman (General); Vice-President - Woman (ST).

Kollegal CMC: President - Woman (BC); Vice-President - Woman (ST).

H.D. Kote TMC: President - ST (Woman); Vice-President - General Category.

K.R. Nagar TMC: President - General Category; Vice-President - SC (Woman).

Bannur TMC: President - Woman (ST); Vice-President- Woman (General).

Periyapatna TMC: President - BC-A Category; Vice-President - Woman (General).

With the Government announcing the reservation, the Deputy Commissioners will have to announce the schedule for election to Presidential posts concerning ULBs in their respective district.

'Re-introduce Old Pension Scheme for Government employees'

Mysuru, Oct. 11 (SPN&DM)- JD(S) MLC Marithibbegowda has written to Chief Minister B.S. Yediyurappa urging the Government to re-introduce the **Old Pension Scheme (OPS)** for Government employees.

In his letter written on Wednesday, Marithibbegowda said that following a protest by Government employees in front of Belagavi's Suvarna Soudha in 2018 demanding re-introduction of OPS, the then Government had formed a Committee of officials to look into the matter.

The Committee, apart from holding a meeting on June 20, 2019, has not done anything in this regard, he said.

Pointing out that there are 7,41,048 Government employees, with 5,12,521 of them covered under OPS and the rest 2,28,527 under the New Pension Scheme (NPS), he said that the Union Government too has said that State Governments are free to take their own decision regarding employee pension schemes.

As such, the Chief Minister should keep the promise he made to the protesting employees, when he was the Opposition Leader in 2018, by initiating measures for re-introducing OPS covering all employees, the letter said.

MLA urges Police not to allow Kodagu district to become a terror hotspot

Madikeri, Oct. 11- Virajpet BJP MLA K.G. Bopaiah has urged the authorities not to let Kodagu become a terror hotspot.

K.G.Bopaiah

Addressing a press meet here on Wednesday, Bopaiah, who is also a former Assembly Speaker, said that a suspect who was arrested by the National Investigation Agency (NIA) in New Delhi recently on charges of terror activities, has revealed that he underwent training in Western Ghats running through South India.

Noting that several years ago, an arrested terrorist, identified as Madani, had revealed that he had planned to run terror camps in Somwarpet taluk, Bopaiah said that the arrest goes to prove that Kodagu was on the verge of becoming a hotspot for terror activities. Pointing out migrant workers from Assam were engaged as plantation workers in Kodagu, he wanted coffee planters to submit all details of labourers from Assam whom they have employed, to their respective Police Stations.

Regretting that Kodagu, which is home to rich and lush green forest, is now turning out to be a hotspot for terror camps, Bopaiah wanted the authorities to check the true credentials of migrant labourers as there are reports that illegal Bangladeshi migrants are entering Kodagu in the guise of labourers from Assam. Asking the Police to keep vigil on the activities of migrant workers, he said that the Police must follow the directions of the NIA and keep a close watch on any nefarious activities.

Stressing on the need to act early in order to prevent a Kashmir-like situation in Kodagu, the MLA suspected that unscrupulous persons were entering Kodagu in the guise of tourists.

Underlining the need for enhancing security checks at border check-posts such as Makutta, Kutta, Karike and Kasaragod, he said that the authorities must tighten security all along the district borders for thwarting any infiltration attempts. Asking the authorities to nip terror activities in the bud, he warned that any laxity is going to prove costly for Kodagu in the future.

Three Transport Department services go online

Bengaluru, Oct. 11- Henceforth, the application for Transport Department's *Sakala* services such as transfer of vehicle ownership, goods transport permit and Fitness Certificate of vehicles will only be through online or 'Seva Sindhu' portal.

In an order issued in this regard on Thursday, the Government said that as an effort to improve ease of doing business and easing trade norms in the State, the *Sakala* services of the Transport and Road Safety Department will be provided only through online.

Kempaiah IPS: Officer Who Made A Difference-3

[Continued from Oct. 4]

Just a year back I had been to Sri Lanka with a group of journalists and had stayed overnight at a Resort which was hidden underneath a mountain. You would know there was a huge Resort only when you enter a cave-like opening. On return when I mentioned it to a Hotelier friend of mine, he asked me to find a similar place and location. As a result I was able to identify a place near Uthanahalli, about 20-25 acres, I was told, known as **Horse-shoe Valley** to the North-East of the Chamundi Hill. When we went there we saw a Valley open to the main tar road with the slope of the hill all around. Anyway, there seemed too many claimants for that land and my friend said no.

While talking to Kempaiah I remembered that land, Horse-shoe Valley, and mentioned it to him. To my utter surprise Kempaiah stopped walking and like a typical Police Officer 'ordered', 'let us go there now. After all we are in Uthanahalli.' How could I defy an IGP? So we all got into the van and Kempaiah asked me to guide the driver. I got a bit nervous because, after all, I had seen that place only once and an year ago. I honestly expressed my apprehension to him and, like a gentlemen he is, he did not mind.

After criss-crossing the narrow village road we got into the free-zone. To our left was the agricultural flat-land and to our right was the imposing Chamundi Hill. Actually we overshot the place but I managed to identify the place after going back and forth. I thought I might be irritating the IGP. But no. He was a cool person, had so much of patience for a Police Officer. The vehicle was parked in the middle of the deserted road, men jumped out so also Kempaiah and myself. I told him, "This is the land. About 20 acres..." Before I could complete he got on to a culvert saying, "Here we go" and jumped into the forest land in great bravado. As his men followed him, holding their walk-

Kempaiah IPS

ie-talkie in hand, I also joined him rather reluctantly. It was a land thick with vegetation and some tall trees. I was thinking of possible presence of leopards — cheetah — found commonly in the hill and mentioned it in passing. But he was a dare-devil kind I guessed. Anyway, when we returned, we found a group of about 20 people waiting near the vehicle out of curiosity. Kempaiah engaged them in a conversation and mentioned the purpose of his inspection of the land.

Lo and behold, they said the land belonged to some people in the village etc. Kempaiah, without wasting time asked them to visit his office with documents the next day and we left. On the way he asked how that land got the name, Horse-shoe Valley. Yes, I too was curious and had asked the Village Accountant the same question. He had told me that it was an English man who had surveyed the Hill and he might have named it as the shape of the land is like a horse-shoe. Kempaiah smiled, satisfied by my answer!

After about two or three months Kempaiah called me to his office. When I went I found him inspecting the electric line passing behind his office building (SP's Office too was and is in the same building). Then he discovered the high-tension main-line passing in front close to that imposing building and decided to shift it. Imagine, it needed an officer like Kempaiah to do this and none of his predecessors even thought of it for decades. He did not wait for this job to be done. Then and there he called the Superintending Engineer of KEB who came in just 20 minutes to the spot! The job was done soon after. As I said earlier, 'If the boss means business, business is done'. Kempaiah always meant business.

Later we went to the place where the Police Public School is located on Mahadevapura Main Road (Azeez Sait Road), Jalapuri. I asked him whatever happened to that Horse-shoe Valley property and he said all the documents were fake and he forgot about it. This land, he said, was in fact belonged to the Police Estate given by the Maharaja. However, since it was unused, it was encroached by land mafia. Yes it was, an area of about 21 acres. Fake khata, fake documents were created and but for an officer of the capability and **patriotism** like Kempaiah it would not have been reclaimed for the Police at all.

Be that as it may, Kempaiah ultimately took possession of the land and set up Karnataka State Police Welfare and Education Trust (KSPWET) in 2004 with himself, the IGP Southern Range, as the first Hon. President. To my utter surprise Kempaiah requested me to be one of the Trustees of this Trust. I protested, but he would not listen. Probably this was his way of acknowledging or rewarding me (!?) for giving him the idea for the Police Public School when we had met on our morning walk in September 2004. What a noble gesture. He must have extended this kind of gesture to many. God indeed "fulfills himself" in many subtle ways, a poet said. No wonder when Siddharamaiah became the Chief Minister he appointed Kempaiah as Adviser with a Cabinet rank. Probably a noble gesture from Siddharamaiah.

There is a saying which all enterprising, dynamic persons practice. It is, "What you must do tomorrow, do it today and what you must do today, do it now." Kempaiah is a classic example to validate this precept. The building construction for the school started with right earnest in 2005, architect's plan was ready, contractor was hired, he himself raised donation (he is a past master in raising donation for all his public works). But he was transferred as IGP in October 2005. Fortunately we got a very good IGP as his successor in Dr. Harshavardhan Raju, who supported the cause of the school. But he was transferred in 2006. Thereafter the meeting was not called for some months! But the school by then had gradually grown and well managed by an experienced and able Principal Mrs. Usha Rao. It was only when J.V. Gaonkar IPS became the IGP the school activities got a shot in the arm — we management members even went to Kushalnagar in Kodagu to see the Sainik School to develop our school on those lines.

In the meanwhile, the Trustees made sure Kempaiah is somehow brought into the Trust. The non-official Trustees like me offered to quit to take in Kempaiah. And it was done. There was time when we the Trustees felt deeply the absence of Kempaiah in the meeting. Now, on becoming the Adviser to CM he once again managed to get an infrastructural funding to the tune of Rs. 38 crore from the Government of Karnataka and made his dream project as one of the best Public Schools in the city.

Thanks to Kempaiah IPS. It is my opinion that a biography of Kempaiah as a Police Officer and his service to the society at large, against all odds, must be produced as a guide to youngsters who enter Government service. Now, let me conclude with these words of poet H.W. Longfellow which applies to Kempaiah in a very large measure:

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of time.

Safari resumes at Nagarahole National Park

Hanagodu, Oct. 11- Safari at Nagarahole National Park, which was suspended seven months ago, has resumed from this morning. The safari has been started for five days in a week on an experimental basis from Nagarahole central point.

In order to reduce pressure on flora and fauna at the National Park and to check movement of visitors inside the forest under the garb of safari, Forest Department had started safari from Veeranahosalli and Nanacchi Gates three years ago. However, the safari was suspended in March this year due to the outbreak of COVID-19.

As the State Government has removed restriction, safari will resume from Nagarahole but with COVID guidelines.

Safari timings: Tickets will be issued from 6 am to 7.30 am and again from 2 pm to 3.30 pm.

The first trip will start at 6.30 am and second at 7.30 am. In afternoon, the first trip is at 2 pm and the second trip at 4 pm. Only 25 tourists are allowed in each trip. While 12 tickets will be issued for online booking, 13 tickets will be issued across counter. In total, there will be four trips and only 100 tourists are taken for safari. Tourists must strictly follow COVID-19 guidelines, the release added.

Obituary

Beeralingaswamy

Nanjangud, Oct. 11- Beeralingaswamy (54), priest of Sri Beeralingaswamy Temple at Ahalya village in the taluk, passed away on Friday morning in the village. He leaves behind his wife, a daughter and a host of relatives and friends.

Last rites were performed at his farm land in Doora village on Friday evening.

Gurusiddaiah

Gurusiddaiah (70), a retired CFRTI employee and a resident of Dodda Kavalande in the taluk, passed away last evening in the village. He leaves behind his wife, two sons, two daughters and a host of relatives and friends.

Last rites were performed at the Dodda Kavalande Burial Grounds this noon.

DC Rohini briefs CM on safety during Dasara

Bengaluru, Oct. 11- Chief Minister B.S. Yediyurappa held discussion with Mysuru Deputy Commissioner (DC) Rohini Sindhuri here this morning about precautionary measures to be taken to check the spreading of COVID-19 during ten-day Dasara festival which will begin from Oct. 17.

The DC briefed the CM about the steps taken by District Administration such as ramping up testing, additional beds at K.R. Hospital and arranging oxygenated beds in designated COVID Hospitals.

Yediyurappa is learnt to have directed Rohini to strictly follow COVID-19 guidelines in city and district during Dasara.

Medical Education Minister Dr. K. Sudhakar, Chief Secretary T.M. Vijay Bhaskar, Health Department Addl. Chief Secretary Jawaid Akhtar, Health Department Commissioner Pankaj Kumar Pandey, Tourism Department Principal Secretary T.K. Anil Kumar were present.

RMP Scientist missing under mysterious circumstances

Abhishek Reddy Gulla

Mysuru, Oct. 11- A 26-year-old Scientist, working at Rare Material Project (RMP), a unit of Bhabha Atomic Research Centre (BARC), in city, has reportedly gone missing under mysterious circumstances from Oct. 6. A missing complaint has been lodged at Yelwal Police Station by RMP Administrative Officer T.K. Bose.

The missing Scientist is Abhishek Reddy Gulla, who was working as a Scientific Officer.

According to the complaint, Abhishek had remained absent to work from Sept. 17 and when the Research Centre contacted him on his mobile phone, he (Abhishek) had told them that he would report to work on Oct. 6 but did not.

Based on the information provided by Abhishek's colleague Shubam Niranjan Patil and neighbours that the house of the young Scientist at New Janata Colony in Yelwal was not locked and even his Honda Activa scooter (KA-09-JA-0013) not found, a few officials of the Research Centre visited Abhishek's house and found the house open, the complaint stated and added that information about Abhishek going missing has been given to the house owner and the Scientist's relatives.

Yelwal Police, who have registered a case, has urged those having any information about the young Scientist to contact Yelwal Police on Ph: 0821-2402222 or the Police Control Room on 0821-2444800.

The young Scientist, working at an important organisation, going missing under mysterious circumstances, has given rise to many doubts.

ATM Heist at Vijayanagar

Two inter-State robbers arrested, Rs. 2.5 lakh cash recovered

Mysuru, Oct. 11 (KS)- Vijayanagar Police have arrested two inter-State robbers at Haryana, who had stolen cash from an ATM kiosk in Vijayanagar Police limits on Sept. 17 night and have recovered Rs. 2.5 lakh from them.

The arrested are 30-year-old Anees of Mehluk village in Palwal district and 22-year-old Barkath of Guraksar village, also at Palwal district in Haryana State.

The accused on Sept. 17 night had broke open the ATM machine of HDFC Bank located in front of Rane Madras factory in Vijayanagar Police limits using a gas cutter and had stolen Rs. 12,81,600 from the machine. A case was registered at Vijayanagar Police Station in this regard.

A Special Police Team was formed to nab the accused and based on technical skill, the Special Police Team came to know that the accused were in Haryana State following which the Special Team left for Haryana and nabbed both the accused and have brought them to Mysuru.

Out of Rs. 12,81,600 stolen cash, the accused had deposited Rs. 1 lakh in their Bank accounts and had kept Rs. 1.5 lakh with them which were recovered by the Police and have seized the gas cutter, gas cylinder and other equipment used for the crime. During interrogation, Cops came to know that the major portion of stolen cash is with other accused, who have gone absconding and have launched a hunt to nab them.

Clear dues

(Continued from page 1)

If the vehicle owner has not paid the penalty, the same should be cleared and the used vehicle sellers should check the receipt before selling the vehicle to prevent new owners from paying fines, ACP Sandesh Kumar said.

Footpath encroachment

The ACP further said that encroachment of footpaths is being taken seriously and an operation in this regard is being taken up in city. He said that if encroachers do not clear the footpath on their own, a case under IPC Section 283 (Danger or obstruction in public way or line of navigation) would be registered against them and added that a total of nine cases have been registered in city so far.

Obituary

R.S. Rajashekar

Mysuru, Oct. 11- R.S. Rajashekar (Rajanna), a rice merchant, Lakshmi Trading at Bandipalya and former Director of Grain Merchants Association and a resident of Nazarbad here, passed away this morning in city. He was 83. He leaves behind two sons including R. Veeresh, Trustee of ATME College of Engineering and Executive Director of Skill Tech, Mysuru, two daughters and a host of relatives and friends.

Last rites were performed at Veerashaiva Burial Grounds in Lalithadripura here this afternoon, according to sources.

Ashwagandha

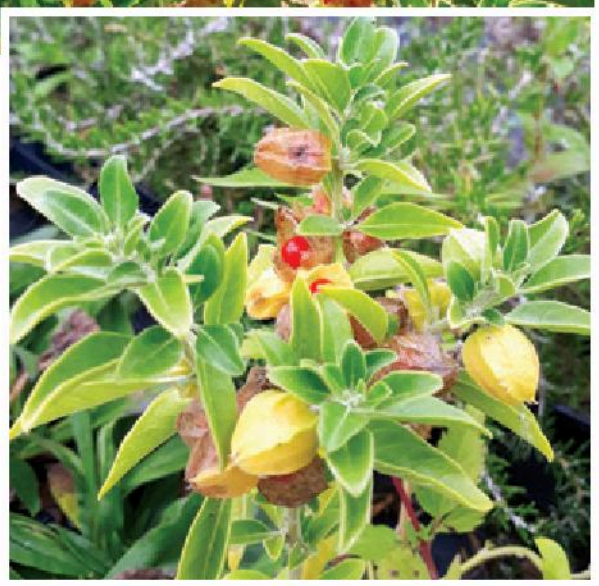
The top-notch adaptogenic herb

In the current Corona pandemic situation, herbal concoction are gaining importance as more and more practitioners of herbal medicine are prescribing them for boosting immunity and to keep mental health in good condition. Usage of herbs and spices for enhancing immunity and to suppress mental depression are not new. Among these, 'Ashwagandha' finds its importance as a household remedy, especially its root powder as the best nerve tonic for old people and children and aphrodisiac for the young. It has been a prized top notch adaptogenic (to resist all kinds of stress) tonic for centuries in India. It is also known as Indian Ginseng as it compares well with Siberian and Panax Ginseng in its stress-relieving properties. Even the Ministry of Health has recommended 'Ashwagandha' to strengthen the immune system and mental well-being of patients recovered from Corona illness as one of the AYUSH medicines.

The name 'Ashwagandha' is derived from Sanskrit word 'Ashva,' meaning horse and 'gandh' denoting smell referring to the horse-like odour emanating from its root. Its scientific name is Withania somnifera, a plant in the Solanaceae (Tomato family). Withania is named after Henry Witham, an English palaeobotanist of the early 19th century. The species name somnifera denotes "sleep-inducing" in Latin.

Common names — English: Indian Ginseng, Ayurvedic Ginseng, Poison gooseberry or Winter Cherry; **Kannada:** Angara beru/ gadde, Hiremaddina gida, Kanchuki; **Hindhi:** Asgandh, Ashwagandha, Kachchhi; **Malayalam:** Amukkuram; **Tamil:** Amukkira, Amukkilaachedi, Karappaan thazhai; **Telugu:** Ashwagandha, Vajigandha.

'Ashwagandha' is a short and tender suffruticose



shrub (woody and perennial at the base but remaining herbaceous above) with ascending branches extending radially from a central stem. Shoots are stellate-tomentose (star-shaped hairs densely matted). Leaves are dull green, 4-5 inches long; elliptic-ovate to broadly ovate, acute; margin entire to repand (slightly undulating).

Leaves have a smell of green tomatoes. Flowers greenish-yellow inconspicuous, sessile to subsessile, in clusters of 2-5 appearing at the leaf nodes. Sepals papery, spherical or urn-shaped, stellately hairy and persistent. Corolla (petals) lobes, tomentose on the outside, light yellow to yellow-green, 5-lobed, triangular. Stamens 5, yellow-orange. Ovary, bicarpellary, syncarpous, bilocular, superior with axile placentation. Fruit is a berry, globose, orange-red; The roots are straight, cylindrical, tapering down; brownish outer and creamy interior; fleshy when dry; acrid and bitter.

CULTIVATION AND HARVEST

It is propagated by seeds. Sow the seeds 2 cm deep and 10 cm apart during dry season (October to March). They germinate in two weeks. Water regularly during this period. After a month, weed out weak plants to ensure a spacing of 50 to 60 cm between plants. Water sparingly. It does not tolerate water stagnation. The plants complete their life cycle (flowers and berries) in 5 to 6 months.

Harvest roots after berries ripen and leaves begin to dry out. Take out roots by digging carefully to ensure roots are not damaged. Wash and clean the harvested roots and cut into small pieces of 7-10 cm. Dry under sun or shade.

TREE FACTS

USEFUL TIPS

- A few species in the genus Withania are morphologically similar to Ashwagandha. For example, Physalis alkekengi which is also known as winter cherry.
- Do not confuse Ashwagandha with blue cohosh, canaigre, codonopsis, ginseng American, ginseng panax or eleuthero.
- It is a drought-resistant plant cultivated as an annual plant in spring and summer requiring sun to partial shade conditions. It prefers dry and well-drained, neutral to slightly alkaline soil.
- The plant is prone to several pests like treehopper, carmine red spider mite and diseases like Leaf spot resulting in reduced secondary metabolites production.
- Plant can be propagated from greenwood cuttings.

MEDICINAL USES

- The available scientific data support the fact that it is a potent regenerative tonic with multiple pharmacological actions: anti-stress, neuroprotective, anti-inflammatory, antioxidant, immune modulatory and antitumor.
- It is used in the prevention and treatment of stress, anxiety, memory loss, amnesia, dementia, impotency and other diseases like Parkinson, arthritis, cancer, cardiovascular diseases.
- The root and berry are commonly used in the preparation of Ayurvedic drugs though bark, leaves, seeds are also used in Folklore medicine.
- The alkaloids 'withanine' and 'somniferine' present in the plant are the main bioactive compounds responsible for pharmacological actions although it is reported to contain innumerable phytochemical constituents (around 40 withanolides, 12 alkaloids and many sitoindosides.
- Drugs of various brands are available in market in the form of capsules, powders and liquid extract.
- **Hair Care:** According to a reference, when used in shampoos, it is believed to help improve scalp blood circulation, strengthen hair & get rid of dandruff.

PRECAUTIONS

- Large doses of Ashwagandha might cause stomach upset, diarrhea and vomiting.
- Those who have diabetes, BP, stomach ulcers, thyroid disorders, Rheumatoid Arthritis, must consult an Ayurvedic doctor before taking Ashwagandha.
- Patients with "Auto-immune diseases" such as Multiple Sclerosis (MS), lupus (Systemic Lupus Erythematosus (SLE) or other conditions need to avoid using Ashwagandha.
- Stop taking Ashwagandha at least 2 weeks before a scheduled surgery.
- Stay on safe side by avoiding its usage during pregnancy and breast-feeding.
- Consult an Ayurvedic doctor for its regular usage.

Akhila Kodava Samaja Youth Wing formed

Chammatira Praveen Uthappa unanimously elected President

Virajpet, Oct. 11- Chammatira Praveen Uthappa has been unanimously elected as the President of the newly-formed Akhila Kodava Samaja Youth Wing.

This was announced by Akhila Kodava Samaja President Mathanda Monnappa at the General Body Meeting of the Samaja held at the Samaja Auditorium in Virajpet on Saturday.

Addressing the meeting, Monnappa said that the Youth Wing has been entrusted with the responsibility of moulding the younger generation of the community on the lines of Kodava culture and customs. Pointing out that youths are the assets of the country, he said it is important to attract them towards Kodava culture and traditions.

Noting that handing over power to younger generation may bring about winds of change in administration, Monnappa said that the Youth Wing was to be launched six months ago but it got delayed due to the outbreak of deadly COVID-19 pandemic.

Asserting that Akhila Kodava Samaja will not interfere in the affairs of the Youth Wing, he said that, however, the Wing should progress under the guidance of

Praveen Uthappa

senior community leaders and work towards the betterment of the youths.

Newly-elected Youth Wing President Chammatira Praveen Uthappa, in his address, said that the Wing will work towards harmonious living with members of all other communities. Maintaining that the Youth Wing will strive towards taking all Kodava speaking people along with it, he said that all differences that have arisen between communities due to misunderstandings will be sorted out in the coming days.

Asserting that Kodagu is a land of peace and harmony, Uthappa contended that Kodagu had never witnessed caste clashes before. But now, caste conflicts have surfaced because of vested interests who are out to disturb peace in the otherwise quiet hilly district, he said.

Maintaining that Kodavas do not want caste or community conflicts in their homeland, he warned that, however, Kodavas cannot remain silent when their roots get attacked by vested interests or communal elements.

Stating that the Youth Wing was for resolving local issues by bringing all communities under a single platform, Uthappa cautioned that at the same time, Kodavas will not remain silent spectators if their traditions and customs are threatened.

Office-bearers

The following were elected as office-bearers of Akhila Kodava Samaja Youth Wing: Annira Harish Madappa - Vice-President; Ajjikuttira Prithvi Subbaiah - Organising Secretary; Sannuvanda Darshan Kaverappa - General Secretary; Appanderanda Devaiah- Joint Secretary; Cheriyapanda Vishu Kalappa - Treasurer; Dr.Mullengada Revathi Poovaiah - Advisor.

The Youth Wing Membership drive will begin soon after the formation of a full-fledged Managing Committee.

Entry into temple as per COVID-19 rules: Minister Poojary

Mysuru, Oct. 11 (RK&SSV)- Devotees are allowed inside temples only as per COVID-19 guidelines, said Muzrai and Fisheries Minister Kota Srinivas Poojary.

Talking to reporters at Suttur Mutt at the foothills of Chamundi Hill on Saturday, he said the same guidelines are applicable during Dasara festival too.

Since more devotees are expected on holidays and special days, entry into famous Muzarai temples such as Chamundeshwari in Mysuru and Sri Srikanteshwara in Nanjangud has been restricted. People must co-operate with the State Government to prevent spreading of pandemic, he added.

Open discussion: Poojary said he was ready for an open discussion with JD(S) MLA S.R. Mahesh who had taken objection for awarding work to Andhra Pradesh contractor at Tirupathi.

The decision to build a guest house for the devotees of Karnataka was taken last year after a detailed debate in the State Legislative Assembly and Legislative Council.

After the approval of both the Houses, the State Government decided to construct the guest house at a cost of Rs. 200 crore. The work had been awarded to the Andhra Pradesh contractor due to certain reasons. The MLA is free to contact him to seek clarification over the issue, the Minister said.

Union Transport Ministry official inspects Ring Road works

Mysuru, Oct. 11 (SBD&SSV)- I.K. Pandey, Director General (Road Development), Ministry of Road Transport and Highways, New Delhi, inspected various works in city yesterday.

Since Ring Road (RR) has come under the ambit of National Highway Authority of India (NHAI), steps had been taken to streamline traffic on this stretch of road. The NHAI has drawn up a plan to set right and develop accident spots including four railway underpass spots.

To inspect these ongoing works, Pandey was in the city and he was accompanied by Mysuru-Kodagu MP Pratap Simha, MUDA Chairman H.V. Rajeev and others.

Simha told reporters that Rs.159 crore has been earmarked for pending works at four Railway underpass spots and development on Mysuru Ring Road. A new plan is required for the construction of grade separators at Royal Inn junction on KRS Road, Bandipallya junction on Nanjangud Road and T. Narasipur Road junction.

On this occasion, Rajeev appealed to the Director General to release funds to take up the construction of 104 km long Peripheral Ring Road on the outskirts of city as planned for the 2031 mega plan. The project required around 600 acres of land and the same had been identified. The proposed project will reduce pressure on the Ring Road that was built 15 years ago, as traffic density has now increased due to meeting of National, State and District Highways to the Ring Road.

EVENTS TODAY (OCT. 11)

- **Madhura Jyoti Kala Sangha:** 9th anniversary, poetry recitation, Sri Ilai Alwar Swamiji graces, Vijaya Pratishtana President R.C. Rajalakshmi inaugurates, social worker K. WORD OF THE DAY

Fiduciary

Pronunciation: fuh-DOO-shee-air-ee.
Meaning: Of, relating to, or involving a confidence; holding in trust; depending on public confidence for value or currency.
Origin: Fiduciary relationships often concern money, but the word fiduciary does not suggest financial matters. Rather, fiduciary applies to any situation in which one person justifiably places confidence and trust in someone else and seeks that person's help or advice in some matter. The attorney-client relationship is a fiduciary one, for example, because the client trusts the attorney to act in the best interest of the client at all times. Fiduciary can also be used as a noun for the person who acts in a fiduciary capacity, and fiduciarily or fiducially can be called upon if you are in need of an adverb. The words are all faithful to their origin: Latin fidere, which means "to trust."
Example: "A pet trust can be part of an existing trust or it can be drawn up separately. In a trust, you name the caretaker and you establish a fiduciary obligation for them to care for the pets in the manner and style you choose." — Charlie Powell

THE ODD WORD

Falsiloquence

Deceitful speech.

PHRASE OF THE DAY

Let bygones be bygones

Meaning: This is an English phrase that is said when someone wants past problems to be forgotten about and they desire to go back to being on friendly terms.
Origin: Before we talk about the origin of the phrase 'let bygones be bygones,' let us first touch briefly on what that word means. Indeed, what does "bygone" mean, anyway? It is something that is in the past, so it could be a person you used to know, an event that happened, or maybe an old memory. For example, let's say you were having a conversation with someone and some old roommates you used to live with were brought up. If you didn't want to talk about them, you might say: "I don't want to talk about old bygones."
According to Dictionary.com, the origin of the word "bygone" is somewhere between 1375-1425. Unfortunately, I could not find any examples of the word being used during those years. The earliest known appearance of it that I have seen is from the Shakespeare play *The Winter's Tale,* 1611: "The by-gone day proclaim'd: say this to him."

QUOTE BOX

I never see what has been done; I only see what remains to be done.

—Buddha

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

SV'Q OKQSOE VX EOQSQV KV VYO

UOHSPPSPH VYKP KV VYO OPJ.

TODAY'S CLUE: H EQUALS G

Yesterday's Cryptoquip: Success usually comes to those who are too busy to be looking for it.

Kohli leads RCB's win

Skipper Virat Kohli scored an unbeaten 90 off 52 balls as Royal Challengers Bangalore beat Chennai Super Kings.

Dubai, Oct. 11- Virat Kohli led from the front as Royal Challengers Bangalore (RCB) beat Chennai Super Kings (CSK) by 37 runs to win the 25th Match of Indian Premier League (IPL) 2020 yesterday. RCB have rarely emerged victorious in Southern derby matches, and this win will certainly be a major boost for the players.

The Bengaluru-based franchise won the toss and opted to bat, posting a total of 169 runs for the loss of four wickets in 20 overs.

Skipper Virat Kohli was the highest run-scorer for RCB, smashing 90 runs off 52 deliveries in an innings comprising of four boundaries and the same number of sixes.

Opener Devdutt Padikkal was the second-highest run-scorer, scoring 33 runs. Pacer Shardul Thakur was the pick of the bowlers for CSK, accounting for the dismissals of Padikkal and AB de Villiers.

CSK were never really in the chase losing wickets at regular intervals, with South African all-rounder Chris Morris making an impact in his first game for RCB.

The Chennai-based franchise were restricted to 132/8 as Morris finished with three wickets, with Washington Sundar accounting for two wickets.

BRIEF SCORES

RCB: 169/4 (Virat Kohli 90*, Devdutt Padikkal 33; Shardul Thakur 2/40) beat **CSK:** 132/6 (Ambati Rayudu 42, N. Jagadeesan 33; Chris Morris 3/19) by 37 runs.

Swiatek wins maiden Grand Slam title

Defeats American fourth seed Sofia Kenin

Paris, Oct. 11- Polish teenager Iga Swiatek won her country's first ever Grand Slam singles title on Saturday as she defeated American fourth seed Sofia Kenin 6-4, 6-1 to become the youngest women's French Open champion since 1992. The 19-year-old Swiatek, at 54 the lowest-ranked woman to capture the Roland Garros title in the modern era, is the ninth first-time major champion in the past 14 Grand Slams. "Maybe it just had to be like that, another underdog had to win a Grand Slam. In women's tennis right now it's crazy," said Swiatek, who will rise to 17th in the world after her victory. "I don't know what's going on. It's overwhelming for me, it's crazy."

"Two years ago I won a junior Grand Slam (at Wimbledon) and now I'm here," she added. "It feels like such a short time."

Swiatek is the youngest women's French Open winner since Monica Seles 28 years ago.

She eclipsed the run of compatriot Jadwiga Jedrzejowska -- the most outstanding Polish player of the interwar period -- who finished runner-up at Roland Garros in 1939.

Swiatek was only the second Polish woman to reach a Grand Slam final in Open era after Agnieszka Radwanska at Wimbledon in 2012. She had never previously been beyond the last 16.

Australian Open champion Kenin, 21, was attempting to become the first woman to capture two Slams in the same year since Angelique Kerber in 2016.

KKR beat KXIP

Abu Dhabi, Oct. 11- Kings XI Punjab (KXIP) crumbled once again in a close game as Kolkata Knight Riders (KKR) beat them by two runs, handing them their fifth consecutive defeat. After a century-stand between Mayank Agarwal and K.L. Rahul had put them in a commanding position, other KXIP batters failed to put the game to bed.

The credit also goes to KKR skipper Dinesh Karthik whose smart bowling changes, despite being one bowler short, took the game deep, activating the panic button among KXIP's inexperienced middle-order. With 14 needed off the last over, Sunil Narine bowled brilliantly to hand his side another win.

Earlier, Dinesh Karthik led from front, scoring 58 off 29 balls, as KKR posted 164/6 in their 20 overs. Opener Shubman Gill continued with his good run this season and held the KKR innings together scoring 57 off 47 balls. Eoin Morgan, promoted up the order to bat at No.4., also played a handy knock.

At the start of the innings, KXIP bowlers pushed KKR on the backfoot and restricted them to 25/2 — the second lowest score inside powerplay in IPL 2020.

After opting to bat, KKR found it tough against KXIP new ball bowlers, especially Shami and Arshdeep Singh, who bowled tight lines and caused them a lot of trouble. Shami cleaned up Rahul Tripathi to give KXIP the first breakthrough.

However, from there on it was a one-man show as Dinesh Karthik played like a true leader and guided his side to a fighting total, which in the end proved good enough to hand them two more points.

BRIEF SCORES

KKR: 164/6 (Dinesh Karthik 58, Shubman Gill 57; Arshdeep Singh 1/25) beat **KXIP:** 162/5 (K.L. Rahul 74, Mayank Agarwal 59; Prasidh Krishna 3/29) by two runs.
